

## Notes

- **Special Announcement:** Jason Fleming, long time staff member with Calgary Academy, will be leaving the organization at the end of the month. Jason has been an integral part of all that we do at Calgary Academy, always behind the scenes, but ensuring that our student digital file management systems were always up and running, Not only that but Jason has cared for our online registration system for the Integrated Studies Department and for uploading all of our data in a consistent and reliable manner for years. Though Jason has spent the last few years back east he has always been available for help at the drop of a hat and would respond to calls and emails immediately in a calm and reassuring manner; he has always managed his job with the upmost professionalism and dedication and for that we'll be eternally grateful. His sense of humour is also one of his greatest assets and we benefited from that all the time – he recently told me the following: I actually am an orthopedic surgeon from Saskatchewan and by chance when driving to BC on vacation, I ran out of gas in front of CA ten years ago and you guys thought I was your new software programmer...I just never had the stomach to tell them the truth"... So, thank you, Dr Fleming, for your years of dedicated service to CA and our staff and our kids. We wish you all the best in the next stage of your life and hope your adventures are vast and your heart is full. If you would like to offer your thoughts to him this week please feel free to drop him an email but there will also be a card that we'll be sending off to him – it will be at Liz's desk for you to sign when you get the chance this week.
